The Jackery Explorer 500 is a 518Wh lithium portable power station. It is one of the lightest and most portable rechargeable lithium battery generators on the market.

- **Large Capacity:** The Jackery Explorer 500 has a 518 watt-hour (24Ah, 21.6V) lithium-ion battery pack and a pure sine wave inverter. It features 1* AC outlet (230V 500W 1000W peak), 3*USB-A ports, 2* DC ports, and 1*car port to run low to high power appliances, including a mini-fridge, air pump, and TV.
- **Designed for Portability:** The Jackery Explorer 500 portable power station is about the size of a basketball and has a solid handle. Its easy-carry and compact design make the Jackery Explorer 500 perfect for enjoying RV camping and road trips.
- **Four Ways to Recharge:** The Explorer 500 has a high-quality built-in MPPT charge controller. This allows quick and easy green solar recharging when paired with the Jackery [SolarSaga 100W](http://fishing-set.com) solar panel (sold separately). You can also recharge the Explorer 500 with a wall outlet, car outlet, and electric generator.
